At **St. Anne School** we encourage our community of learners to share their **faith**, and to apply the Gospel message to **friends** and **family**, in fact, to everyone in their everyday lives.

“Each time we gather together in class and learn something new, it is a small step toward the big goal: teaching my students what they need to know so they may advance to the next grade, as well as how to be good Christians. I’m glad to discover my success story never has an ending.”

*Mrs. C., teacher since 2003*

Liturgies and prayer services  
Classroom observance of the liturgical seasons  
Christ-centered values in all that we do

“My school is special because it is not only a school; it is a place where we learn about God. This is special because most schools just teach you math, reading, science, and the other basics. They do not learn about God.”

*Michael S., student grade 6*
