December in 2B

During this very busy month, the children have been discovering how important it is to be patient and wait. They have understood the true "Reason for the Season". Many Advent activities fill their days and they go above and beyond to keep Jesus in their hearts.

Each day our math lessons have challenged the children. They are grasping the idea that getting the "right" answer is good; but "understanding" HOW you came to that answer is even better!

As we progress in reading the goal is for the children to become more fluid with their oral reading, as well as begin to comprehend what it is that they have just read. They are realizing that there is more than just "getting 100%" on a test. You need to absorb and remember all your concepts forever.

December is a truly busy month in school. The children enjoyed seeking out treasures as they shopped at Santa's Secret Shop. They have been working hard on preparing for the school Christmas Concert. All these wonderful activities are entwined together to create an exciting learning environment!

Dates to Remember:

Dec. 7th, 8th, 9th ~ Parent-Teacher Conferences
