

Welcome to Mr. Salemme's web page

## April

**This month in physical education we will be doing a variety of different activities. Upon returning from Easter break the students will be doing the jump rope and hoops for heart activities. After these are done the students will spend some time with golf activities. Different aspects of the game will be taught. Finally towards the end of the month students will start working with touch football. The younger students will all be doing different variations of previously learned activities, as well as some additional new ones.**
